
NCCP EVALUATION CHALLENGE: SENIOR NATIONAL TEAM ATHLETE

Gymnastics Canada provides an opportunity for current and retired Canadian Senior National Team Athletes to *challenge* our National Coaching Certification Program (NCCP) evaluations. Instead of taking the required NCCP courses and then completing a coaching evaluation, applicants can be approved to proceed directly to the evaluation.

To be considered for recognition of coaching competence through Gymnastics Canada, applicants must be aged 19 or older, a previously carded member of a Gymnastics Canada Senior National Team, as well as a registered coach with their provincial/territorial gymnastics federation (PTO).

Once their application has been reviewed, the applicant and their club will receive written notification from Gymnastics Canada confirming the level of evaluation that they are able to challenge. This will be completed on a case-by-case basis; some consideration may be given to special cases.

The applicant may be approved to challenge either the Gymnastics Foundations Evaluation OR the Competition 1 Evaluation, depending on the level of athletes they are currently coaching.

The applicant will receive an evaluation package after the level of evaluation has been determined. Upon its completion, Gymnastics Canada will assign an NCCP Trained Coach Evaluator to the applicant.
