- a. The Organizing Committee must schedule a Technical Meeting for all coaches, managers, and officials prior to the start of the first competition to review the technical rules and conduct of the competition. This should include the names of any alternate or independent gymnasts. The alternate can only compete when a team member is unable to compete as determined prior to the first apparatus. Once the meet begins, an alternate cannot replace an injured gymnast.

- e. Refunds will only be issued, provided that a medical certificate and request for refund is submitted by one week prior to the first day of competition.
- f. A \$10 administration fee will be withheld for those withdrawing from the competition after two weeks prior to the competition.

- e. Individual entries are permitted. One week before the registration deadline, all provinces must declare their team sizes and indicate the number of individuals (in each level) they would like to send if space permits. The host will coordinate the number of individuals from each province
- f. Competition in P4 and P5 is an 8-6-4 format.
- The 2 athletes not named in the 6 for each individual apparatus will now be able to compete for the All Around and Apparatus finals.
  - Their scores are not eligible to contribute to the team score on the apparatus where they were not one of the named 6-men for that Apparatus.
  - The additional 2 athletes MUST compete as the 7th and 8th competitors on the apparatus where they are not counting to the team score
- g. For apparatus Finals, the top 6 athletes on each apparatus at each level from Day 1 will qualify for Apparatus Finals. If there is a tie for 6<sup>th</sup> place all gymnasts who are tied for 6<sup>th</sup> place will compete in Apparatus Finals.

## 2. Awards

- a. Awards will be presented to AA and Apparatus winners in the Provincial 4, Provincial 5, National Open, Elite 3 and Elite 4 categories. Awards will only be presented for each category, not for each age group within the specific category.
- b. The Kyle Shewfeld Award (plaque) will be presented to the Elite 4 AA Champion. The award is provided by Gymnastics Canada.

### 3. Equipment

- a. In the event the host is unable to supply the proper equipment, the host must secure at its expense the proper equipment from another province.
- b. On Vault, the D1, in collaboration with the Organizing Committee, is responsible for the identification of the appropriate landing zones.

### 4. Registration

- a. The names of all persons in a provincial delegation must be submitted to the hosting committee by the agreed deadline for entries. This should include the names of any alternate or individual gymnasts. The alternate can only compete when a team member is unable to compete as determined prior to the first Apparatus. Once the meet begins, an alternate cannot replace an injured gymnast.
- b. The number of coaches allowed on the floor for the Men's Competition is 3 per province. Tag team coaching is permitted so that all personal coaches can be involved with their athletes.

### 5. Judging

- a. Each province must send 3 judges and the host must supply 4 (total of 13). If a province cannot supply enough judges they should be responsible for contacting the other PSO's to hire and pay expenses for any additional judges their province needs, excluding the Yukon & NWT.
- c. There will be a minimum of 2 judges per apparatus. For apparatus finals, 3 judges should be assigned to each apparatus (one from each province when possible).
- d. The D1 on each apparatus should have at least National Level certification. The other judges shall be qualified judges as selected by their province/territory.
- e. Each province/territory is entitled to at least one D1 position.
- f. The host province/territory's Judging Chairman, in consultation with Gymnastics Canada's Judging Chairman, will designate a Jury Chairman for the meet. Besides overseeing the judging during the meet, it will be his duty to assign the judges to Apparatus panels and send this list to each province as soon as possible. NOTE: panels should take into account geographical representation (not 2 judges from the same province on the same panel, when possible). It is also preferred that judges not be assigned more than 2 apparatus over the course of the competition.
- g. The Organizing Committee will supply 2 line judges for floor exercise and 1 line judge for vault. (Preference will be given to actual judges rather than volunteers.)
- h. Judges' meetings, run by the Chief Judge of that session will be held one hour prior to the start of each competition session. All judges must be in attendance. The Head Judge will be informed on all decisions made at this meeting.
- i. A gift should be given to each judge in the range of \$30-50.

### 6. Competition order

- a. As often as possible, the members of a Province within a category must be kept together when they compete. The host province will complete the draw for the competition order the day after the registration deadline. Because the number of athletes in each category

- varies each year, the host committee is able to create groups to make a reasonable competition (group size and number of judging panels).
- b. In the event that the numbers do not merit all 4 rotational groups, the Organizing Committee can organize 3 rotational groups. However, in doing so both the teams, as a group and the 6-Apparatus rotation will be enforced.
  
  - c. The Order of passage for the Team competition is set by the Team Coaches for P4 and P5. An official representative from the Province must complete and return to the host committee by the end of the training period on Thursday. If this is not done, the Master Scorer for the competition will draw the competition order.

Each PSO will set order for the other categories for 1st Apparatus; subsequent Apparatus will drop 1 or 2

- a. A copy of each athlete's testing sheet should be made and returned to the PSO to distribute to the personal coaches.

- a. Gymnasts may compete in only one age category. They may compete in an older category but must not compete in a younger one. The competitive category at Westerns will not affect the gymnast's competitive status within her province, nor will it affect the competitive category in the following year's Westerns.
- b. A maximum of 3 coaches may be on the floor during each competition. "Tag team" coaching is permitted. There is no restriction on coaches wishing to assist during the warm up sessions, but they must leave the floor during the competition. All coaches must register with the host committee and pay the registration fee.

### **4. Judging**

- a. Each Province/Territory shall provide four (4) judges for each category with their expenses being the responsibility of their respective provinces/territories.
- b. When possible the Event Head Judge on each apparatus should be a minimum of JO National. Ideally, all judges should be National JO 10 or higher although each province may send one Provincial (top Provincial level – actual name of level may vary from province to province). It is the Province's responsibility to send at least one judge that has the experience to be in the event head judge position so the panels will have equal provincial representation.
- c. The Host Province will designate a Competition Head Judge for the meet. As well as overseeing the judging during the competition, it will be her duty to assign the judges to apparatus panels and send this list to the provinces as soon as possible. It is highly encouraged that the CHJ be floating, to allow for better management of the competition.
- d. Judges' competition meetings will be held one hour prior to the start of each session. All judges must attend.
- e. The host Provinces will be required to provide line judges on vault and floor.
- f. A gift should be provided for each judge in the range of \$30-\$50.

### **5. Competition Order:**

- a. The members of a team must be kept together when they compete.
- b. One official coach for each team will submit the order that the gymnasts will compete in for each apparatus to the host committee at the end of the training period on Thursday. If this is not done, the Master Scorer for the competition will draw for the competitive order for that Team's gymnasts.
- c. Apparatus Finals Protocol:
  - The list of Apparatus Finalists must be circulated Friday following the competition.
  - The Organizing Committee must be notified of any scratches prior to the General Warm up. A finalized list will be distributed prior to the apparatus Warm Up.
  - All participants may wear their P/T uniform or an optional bodysuit.
