Chair & CEO Report

As we gather for the 2025/2026 Annual General Meeting, on behalf of the Board of Directors and Administration, we want to sincerely thank all who have played a part in the success of the Alberta Gymnastics Federation. We take pride in what we have built and look ahead with confidence and purpose, committed to advancing gymnastics in Alberta and extending our impact beyond our provincial borders.

Your Board of Directors exists to provide strategic leadership and governance that supports the long-term success of the Alberta Gymnastics Federation. Guided by our new streamlined Strategic Plan, we empower our CEO, Robin McDougall, and our dedicated administration staff to grow and strengthen our Federation.

As of June 30, 2025, our membership has reached 52,122 members. At a time when some jurisdictions continue to experience declines in participation, Alberta has maintained strong and stable membership. This reflects the strength of our clubs, the dedication of our volunteers and professionals, and the vibrant gymnastics community we have built together.

Our gymnastics community is built on excellence at every level. Our GFA coaches inspire athletes of all ages and abilities to experience the joy of sport. Our competitive coaches support athletes pursuing excellence at provincial, national, and international levels. Our judges provide leadership, expertise, and integrity across the province, while our administration team provides the foundation that enables our programs and services to succeed. Together, they create exceptional experiences for athletes and families across Alberta. For this, we are deeply grateful.

Chair & CEO Report

This dedication was on full display as Alberta proudly hosted Elite Canada 2026. The event was widely recognized for its quality, professionalism, and hospitality, showcasing the strength of our gymnastics community on a national stage.

Throughout the year, your Board remained actively engaged in its governance responsibilities through in-person meetings, virtual discussions, ongoing communication, and regular governance of the Federation's strategic priorities.

- In person, full day sessions held twice in Red Deer;
- Held 7 additional meetings online, remaining cognizant of our fiduciary responsibilities.
- We were consistently apprised of the operational landscape at both provincial and national levels. We utilized email and direct conversation to be inclusive and transparent to all board members on opportunities and challenges.

Key pillars of our new strategic plan include:

- Affirming our values in the work we do, these include Safe and Inclusive, Respectful, Collaborative, Accountable and Integrity. These values will be reflected in how we make decisions and conduct ourselves at all times.
- A commitment to excellence; competitive excellence with high performance outcomes at provincial, national and international levels.
- Three focused pillars: Our Gymnastics Community, Lifelong Learning and Performance Stewardship.

Chair & CEO Report

- Strengthening governance practices that support effective oversight, accountability, and long-term organizational success.
- Our administration team remains one of AGF's greatest strengths. The long-standing commitment of our Administration team, with three employees serving the Federation for nine or more years. At the same time, we have navigated significant staffing transitions, including the departure of a long-term employee and the recruitment of new talent to fill critical roles. These changes represent an opportunity to strengthen our team, build capacity, and ensure we have the right people and expertise to support the Federation's continued growth and future priorities.
- The Board finalized and approved a Delegation of Authority framework that clearly defines governance and operational responsibilities. This important governance milestone supports accountability, sound financial stewardship, effective decision-making, and alignment between organizational operations and the Board's strategic direction.
- While there has been progress, we continue to advocate for stronger accountability, greater transparency, and effective leadership within Gymnastics Canada. Alberta's athletes, clubs, coaches, judges, and members deserve a national organization that listens, engages, and acts in the best interests of the gymnastics community.

Chair & CEO Report

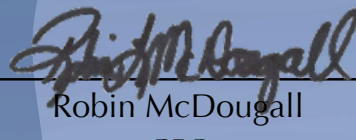

As a commitment to our sport, your Board and Administration are visible and active at competitions across the province—meeting athletes, connecting with stakeholders, and thanking coaches, judges, and volunteers for their service. These opportunities for open dialogue and relationship building strengthen our Federation and remind us why this work matters.

As we look ahead, we remain focused on supporting our clubs, strengthening participation, developing excellence at every level of the sport, and ensuring AGF continues to be a trusted, sustainable, and forward-thinking organization.

To each of you—our coaches, judges, staff, volunteers, and families—thank you. Your generosity of service means the world to the athletes we serve. Together, we are building not only a stronger Federation, but a brighter future for gymnastics in Alberta.

Judging Report

Chris Grabowecky

Judging Recap

The Alberta MAG Judging community continues to grow at all levels. We have been fortunate to have many of our older competitive athletes showing an interest in judging, which has contributed largely to the numbers. Overall, we have 34 registered judges with 32 who judged at least 1 event in Alberta. We have a good mix of levels, thanks to a number of our Provincial Level judges stepping up to take the National exam this past year. This gives us a great balance of experience, helping with mentoring new judges. The numbers and percentages by category are shown in the pie chart to the right. In addition, we continue to have more interest shown for the upcoming year with one new FIG judge moving to Alberta as well as six new judges expressing interest in joining the ranks for the upcoming season!

Judging Development

What did we do to grow our MAG judging expertise?

Investment in the development of our judges is key to the short-and long-term success of our sport in our Province. Over the past season, we invested significant amounts of time and funds to further develop our judging community.

The key initiatives included:

1. The GCG entry level is now finally available for the new cycle. All new judges will be expected to complete this online course in preparation judge in Alberta.
2. One of our Provincial judges took the National Course for the first time achieving their national rating.
3. As host of Elite Canada, we had the chance for many judges to attend to get experience in one of our biggest meets of the year in Canada. We had 6 FIG judges assigned as well as 4 of our national judges helping with Line and Time.
4. We got the opportunity to have 7 Alberta judges at National Championships.
5. Sending 3 judges to Westerns, 2 of them for the first time.
6. Several of our current athletes have joined the judging ranks. This is excellent for our sport and should continue to be encouraged!
7. Many of our judges had the chance to judge the Grizzly domestic and International Junior competitions with 3 international JR teams in attendance again this year. We also used this competition to run a shadow judging session for many of our new judges.
8. Kelly Mock was assigned by CGC to judge Commonwealth Games.
9. Brad Earl judged the DTB competition and will be judging Youth Olympic Games in November.
10. Ray Heiderich continues to serve on our National JDWG (Judging Committee)
11. Chris Grabowecky is a member of the MPC, which determines the selection of our National Team, Athlete Carding, and team selection for all international competitions.

Upcoming Activities:

1. Judging registration for 2026/27 season will commence shortly. I expect we will see most (if not all of the judges from last year) back again as well as some new faces!
2. Development of an in-person judging course, with plans to run a session in Calgary and Edmonton.
3. Preparation for the 2027 competitive year

Sport Development

Overview

Overview

Sport Development had its second year in the 2025-2026 business calendar. Beginning in summer of 2024 this newly combined portfolio, was created to focus on the emerging and non-Olympic sports of Sports Acrobatics, Parkour, GFA, et al. The second year has featured steady progress and collaboration, as well as growth in the acrobatics and parkour disciplines.

General stats of 2025-2026

- 100% of clubs offered a sport development program (GFA, Acro and/or Parkour)-75 clubs
- 38,072 registered GFA athletes, as well as 8,000 one-time athletes (camp, party, drop in, etc)
- 159 registered acro athletes, estimated 200-250 acro recreational athletes
- 548 registered GFA developmental/performance athletes
- 930 registered GFA coaches
- Estimated 300 parkour athletes

The Sport Development Committee, which was originally formed in October 2025, welcomed two new members in October of 2026 to support, guide and direct the actions of AGF's sport development manager. The committee, composed of ten members with subcommittees in Events, Education, Parkour and Acro met every month in either a full committee or subcommittee capacity. Some of the key outcomes for each committee are as follows:

Sport Development

GFA Education & Events

- **The GFA Collective** continued into its second year. This monthly lunch group consisted of 25 members, with a 60% return rate from year 1. Speakers featured both committee members, as well as AGF members and outside professionals. The meetings were held from November 2025 through to June 2026.
- **GFA Webinars:** Ali Stoffels was retained by the SDC to hold two webinars in February 2026 on “Designing a Summer Camp”. Attendance was full at both sessions and was fully subsidized for AGF members.
- **GFA Getaway 2025:** 45 attendees from 14 clubs made the weekend at Pine Valley a success. Tony D. Clarno from the USA led our sessions with both leadership and coaching workshops. The committee members and Sport Dev manager also led complimentary sessions to expand the workshop offerings for the community.
- **Congress 2025:** The SDC invited Ali Stoffel’s from Rec Gym Pros to speak at this year’s congress, held in Calgary at Winsport. The GFA exclusive day, held on day 1 of the congress at Pegasus West, had 25 attendees present. Day 2 and Day 3 of the Congress were open attendance sessions, featuring not only Ali, but over 40 workshops with presenters from different fields and disciplines.
- **Gymfest 2026:** Held at the University of Calgary’s red gym over a three-day period, the 300 athletes, 50 coaches and almost 800 spectators made this two-show event an unforgettable one. The Coaches Education Day on Friday was well attended by over half of the registered coaches. The conference was expanded to feature experts from Pilates, Artistic Preparation and Music Editing.
- **National Gymnaestrada:** Seven member clubs from AGF attended the National Gymnaestrada held in July in Regina, Saskatchewan.

Sport Development

Acro Events

- **Pan American Championships:** AGF had three member athletes, and one coach Judge qualify and attend the 2025 Pan American Championships in Puerto Rico in November. The acro unit of Bella, Hannah and Josie, achieved both Silver and Bronze medals at this competition.
- **Provincials 2026:** The AGF Provincial Championships featured 125 acrobatic competitors in the three-day competition held in Calgary at the BMO Centre.
- **Canadians 2026:** Team Alberta was well represented by three clubs and 75 athletes at the 2026 Canadian Championships held in June in Ontario. We also had four judges on the competition panel.

Sport Development

Parkour Events & Final Notes

- **FIG Age Group:** Two of our SDC members, Kade and Brody, had the great opportunity in August 2025 to attend the FIG Age Group training camp held in Quebec. Throughout the week of training and collaboration, they gained knowledge that they were able to bring back to the province.
- **AGF Speed Cup:** Airdrie Edge hosted the second annual in April of 2026. 33 athletes from around the province participated in the event. A new format for hosting was also trialled and will be rolled out as a potential format for other clubs hosting their own parkour events.
- **Cross Provincial Collaboration:** Throughout 2025 and 2026, the sport development manager, alongside members of the SDC and from the AGF community, have worked closely with other provincial bodies to bring parkour onto the same page around the country and to combine efforts for its growth and development.

Final Notes

Overall, the past year in the Sport Development programs, we have seen steady progress and growth, both in terms of participation and community. We look forward to the 2026-2027 year and furthering our commitments to the disciplines.

WAG Report

Annual Report
2025-2026 Season

Overview, Clubs & Training Camps

Overview

The 2025-2026 competitive season has been a very busy and successful season for our WAG program. The women's program continues to grow in all levels. We continue to see more coaches being certified at all levels, strong representation of Alberta Teams at Westerns and Canadians, and additional judges moving into the National System.

Clubs

We currently have 52 clubs registered with AGF with a Women's Competitive Program.

Training Camps

AGF hosted 5 Canadian Competitive Program training camps, 2 Xcel training camps this year, as well as the Canadians Team Training Camp. Expert Coaches from across Alberta and guest presenters from Canada and the United States came to present at the camps. There were 2 CCP 3-5 camps and 2 Xcel camps held in the fall, one in the north and one in the south for each camp. The level 6-7 camps and level 8-10 camps were a huge success for both athletes and coaches.

Judges Development & Competitions

Judges Development

Alberta registered 95 judges this season including Brevet, National, Optional, Compulsory, and Xcel judges. We hosted many in person courses to certify judges as well as to help judges earn CPE hours. The judging program continues to grow in Alberta with many of our National and Brevet judges travelling out of province to judge as well.

Competitions

Alberta athletes competed in the Alberta Provincial Championships (Calgary – April), Western Canadian Championships (Whitehorse - April), Alberta Xcel and Compulsory Championships (Medicine Hat - April), and Canadian Championships (Oshawa - May). Alberta won numerous medals in individual and team events. Participation in these events included:

1. **Trials to Westerns** – Hosted by Airdrie Gymnastics with over 100 athletes in levels 8-10.
2. **Alberta Provincial Championships** – Over 350 athletes from levels 6-10 competed at Provincials hosted by AGF.
3. **Alberta Xcel and Compulsory Championships** – Almost 1000 athletes attended the Alberta Xcel and Compulsory Championships hosted by Salta Gymnastics.
4. **Westerns** – 38 athletes competed at the Western Canadian Championships
5. **Canadians** – 32 athletes competed at the Canadian Championships
