1 INTRODUCTION

The TG Canadian Pathways are designed to help athletes progress in all TG disciplines: Trampoline, Synchronized Trampoline, Tumbling and Double Mini Trampoline.

If you have any questions concerning this document, please contact:

Karen Cockburn
Director Trampoline Gymnastics
kcockburn@gymcan.org

2 MOBILITY

Any athlete may enter the sport in levels 1-4. In order to register in a higher category, athletes must meet a mobility standard in the previous category. Once an athlete has competed in a level they ordinarily may not move down to a lower level. Petitions to enter the sport at a higher level or to move to a lower level must be made to GymCan via the athlete's Provincial TG Technical Committee.

2.1 MOBILITY OPPORTUNITIES

Athletes may mobilize at the following competitions, with Level 4 athletes being limited to the first 5 competitions they participate in each season

Competition	Level 4	Novice, Level 5	Levels 6, 7, Junior, Senior
Provincial Cups (maximum 3)	✓	✓	✓
Provincial Championships	✓	✓	✓
Out-of-Province Cups (maximum 1)	✓	✓	✓
Western or Eastern Canadian Championships	✓		
Elite Canada		✓	✓
Canadian Championships		✓	✓
International Events Recognized by GymCan		✓	✓

Provinces are responsible for providing GymCan with the list of athletes who have met mobility after each Provincial Cup. Not providing this information to GymCan will render the athlete not eligible to compete in the new category.

2.2 MOBILITY SCORES

The mobility requirements are detailed in the charts below, but may consist of a total score, a difficulty standards, and/or required skills. All of the mobility requirements for a level must be met at the same time. If any rules are changes or not followed, mobility will not be granted.

3 COMPETITION ELIGIBILITY

3.1 PROVINCIAL CHAMPIONSHIPS

1. Provinces may set qualification scores as desired

3.2 OUT OF PROVINCE CUPS

1. Athletes must inform GymCan before attending any out-of-province cups, and declare whether it will be the one counting for mobility.
   i. Host provinces must send results of visiting athletes directly to GymCan.

3.3 ELITE CANADA

1. Athletes must have met mobility for the category they wish to compete in.

3.4 CANADIAN CHAMPIONSHIPS

1. Athletes must have met the standards in the following chart for the category they wish to compete in within the competition season. An athlete who switches category (for example from L6 to L7) within the season does not need to re-qualify in the new category (does not need to re-qualify in L7 in this example). The only exception is the mobility from L4 to L5 (athletes need to qualify again once in L5).
2. Athletes who are on the current National Team, 2026 World Championship Team, and 2026 World Age Group Championships Team, automatically qualify for Canadian Championships for that event.
3. All athletes who are in the high-performance levels (Novice, Junior, and Senior) do not need to qualify to Canadian Championships
4. National Team members may submit petitions directly to GymCan.
5. Provinces may not set additional qualification scores to attend Canadian Championships but may set additional scores to receive provincial funding as desired.

3.5 INTERNATIONAL COMPETITIONS

1. FIG sanctioned events may only be attended by National Team members. See the National Team Selection Procedure for details on how to qualify.
2. GymCan may identify one international age group event per year for selected Age Group athletes.
3. Travel sanction to all other competitions will be managed by the provinces, but GymCan recommends the following standards:
   i. Athletes should be competing at National level competitions.
   ii. Athletes should have competed domestically in at least level 3 to attend events in the USA or level 5 to attend events in other countries.

3.6 QUALIFICATION STANDARDS

Level	Gender	TRI	TRS	TUM	DMT

4 GENERAL RULES FOR ALL EVENTS

1. The Canadian Pathways only lists additional rules or deviations from the World Gymnastics (WGYM) Code of Points. For complete rules this document should be read in conjunction with the WGYM Code of Points and the Canadian Competition Regulations.
2. Canadian tie breaking rules are published in the Canadian Competition Regulations, but provinces can add additional tie breaking rules for Levels 1-4 if desired.
3. Age splits for Level 1-7 may be set by the provinces based on registration numbers, with the exception of the Novice, Junior and Senior categories. Age splits for National events will use the values in the charts below and will be updated every year based on registration numbers from the previous season.
4. Age is determined by the participant's age as of December 31 of the competition year.
5. Canadian bonus values must be entered in a separate field, while WGYM bonus values are combined with DD. Elements must receive DD (not be a repetition) to be eligible for a bonus.
6. The penalty for a missing requirement is 2.0 per missed requirement (taken by the DD judges). Requirements may be combined into one element where applicable.

4.1 MINIMUM DD PENALTIES

1. Minimum DD is expected to be adhered to in Levels 1-4, although no penalty will be applied if it is not met.
2. There will be a penalty for Levels 5, 6, 7, Junior, and Senior for failing to meet minimum DD in a complete routine/pass. This penalty will be 0.1 per 0.1 below minimum DD, applied by the DD judges. On DMT/TUM, this penalty will be a maximum of 1.0, but on TRI/TRS there will be no maximum penalty.

5 COMPETITION FORMAT

Competitions will consist of the following routines in the preliminary and final rounds. Provinces may decide to hold finals at Provincial Cups and Provincial Championships as noted.

6 INDIVIDUAL TRAMPOLINE (TRI)

The general level structure for Individual Trampoline (TRI) is shown below:

6.1 GENERAL TRI RULES

1. Levels 1-4 have compulsory first routines, which must be performed as written. No DD will be given for these routines, and they will be considered interrupted if a different skill is performed.
2. Time of Flight (TOF) is part of all score calculations.
   i. Provinces may elect to reduce or eliminate TOF for levels 1-3 to compensate for large age ranges, however GymCan recommends instead to keep TOF as is and instead split the levels by age.

8 TUMBLING

8.1 GENERAL RULES

1. Levels 1-4 have compulsory first passes, which must be performed as written. No DD will be given for these routines, and they will be considered interrupted if a different skill is performed.
2. In pre level 1-4, the WGYM rule that any skill below shoulder height will be considered a whip back (TUM CoP §12.2) will apply with the exception that pre level 1-4 will be given credit for the salto they are attempting if the last skill is below shoulder height.
3. In Levels 2-4, end-skills are not permitted to be repeated between compulsory and optional passes.
4. Pre-Level 1 is an optional level for provinces to include in their competitive pathway. Its intention is to bridge the gap between developmental programming and provincial level tumbling. This level is accessible to clubs who may not have a rod floor.
5. Bonus will be added to the ranking lists for international events (after Canadian WGYM Judge Verification). (This will be included in NT Selection Document).
6. In cases where a skill does not receive DD, as in a repeated element, it cannot meet the criteria of a Special Requirement and will result in a 2.0 penalty.
7. Total Bonus per pass cannot exceed 1.0 (all levels).

9 DOUBLE MINI TRAMPOLINE (DMT)

9.1 GENERAL RULES

1. WGYM Repetition rules will only be used for Levels 6, Junior, and Senior. Levels 1-Novice/5 will use Zone Repetition rules, previously used in the 2017-2020 FIG Code of Points. The repetition rule sets are listed next to the respective levels for clarity.
2. Level 1 – 5 Zone Repetition Rules:
    i. No skill from any pass (Preliminary and Finals combined) can be repeated in a zone it has already been competed in.
    ii. Skills may be repeated if they are in different zones (mount, spotter, or dismount).
3. Junior, L6 and Senior FIG Repetition Rules:
    i. In a round (Preliminary or Finals), the same skill cannot be repeated regardless of zone on the DMT (4 unique skills must be competed).
    ii. Skills may be repeated if they are in different rounds.
